Languages and general knowledge

Languages:
- ✓ Ukraine: * * * * *
- ✓ Russian * * * * *
- ✓ English: * *

General knowledge:
- ✓ computer science,
- ✓ information technologies.

Projects and Interests

Projects done:
- ✓ Software for accounting and auditing of products of enterprises for the food industry.
- ✓ I have programmed the computer supply system into the national mode of energy consumption, which provides 35.7% of energy savings.
- ✓ I have automated the company's computer system.

Interests:
- ✓ Computers
- ✓ Programming
- ✓ IT technologies
- ✓ Dogs
- ✓ Painting

Professional Experiences

2010-2012 Software engineer
Developed programs that provide the ability to perform the algorithm and, accordingly, the task by means of computer technology, conducted their testing and debugging. Developed problem-solving technology at all stages. Chose the programming language and translated problem algorithms into it.

2013-2017 Web – developer, Freelancer

2019-2022 Computer systems engineer
Applied the principles of software engineering to the design, development, testing and evaluation of software and computer systems based on the analysis of mathematical models and algorithms for solving economic and other problems.

Education

2020 - 2021 Intelligent service-oriented distributed computing
Magister of Computer Science
National Technical University of Ukraine "Igor Sikorsky Kyiv Polytechnic Institute"
Institute of Applied Systems Analysis

2013 - 2017 Computer Science
Kyiv National Economic University named after Vadym Hetman
Institute Information Technologies in Economics

1999 - 2002 Business Economics
Central Ukrainian National Technical University

Skills

Operating Systems	GNU/Linux, Unix, Android, Windows
Programming Languages	x86 Assembly, C++, Java, Python
Modeling	UML, BPWin, ERWin
Web Development	HTML, CSS, javascript
Databases	MySQL, Oracle EE, MSSQL
Networking	TCP/IP, firewalls, DNS
Graphic Design	GIMP, Adobe Photoshop
Platforms	Docker, Githab, MatLab

About me

Ability to work in multitasking mode and high analytical skills allow me to work effectively with large volumes of information, quickly find high-quality solutions to complex problems.
